The Gala

The International Women's Day Women & Wealth Gala is hosted by Women & Wealth Inc., a not-for-profit organization that holds events on International Women's Day to empower, inspire and support women across Canada who are, or are on their way to becoming, confident and passionate leaders of our businesses, organizations, governments, schools and communities. Together, we seek to help close the gender gap and promote gender equality within our society.

Our mission is to provide a platform for women across the country to share their journey of success and inspire and empower others with their story. Through our International Women's Day Galas, we bring people together to celebrate the social, educational, economical and political achievements of female leaders.

2019 marks the fourth annual International Women's Day Women & Wealth Gala. The event has been held exclusively in Edmonton up until 2019 and has featured amazing speakers including Rachel Mielke of Hillberg & Berk, Kate Ross LeBlanc of Saje Natural Wellness, Kendall and Justine Barber of Poppy Barley, Julie Daniluk, Teresa Spinelli of the Italian Centre Shop and more. The event has earned media exposure from CTV, Global, Metro and more.

All net-proceeds of the event as well as silent auction sales will be donated to the Canadian Women's Foundation.

The Canadian Women's Foundation is Canada's public foundation for women and girls. They fund programs across Canada, prioritizing the communities where the need is greatest. These programs address four urgent issues:

- **Prevention of gender-based violence**
- **Women's economic development**
- **Girls' empowerment**
- **Inclusive leadership**

“

I just wanted to follow up and say how impressed I was (as was every single person I talked to, including all the clients and colleagues we invited) with the stunning event your team put on this week. It was top notch and made me proud of knowing you and being able to work with you. We will be buying a table next year — maybe even two — and inviting more of our clients and friends.

”

How Does it Benefit Companies to Foster Women's Leadership?

Companies with the highest levels of diversity (either gender, ethnic, or racial) are anywhere from 15-35% more likely to have financial returns above their industry's national average (Companies Do Better With Women Leaders (But Women Need More Confidence To Lead), Study Says).

A 2017 report suggests that steps to decrease gender inequality in the workplace may benefit Canada's economy by as much as \$150 billion by 2026. If the gender gap was eliminated entirely, that number could rise to as high as \$420 billion (Why diversity matters, 2015, McKinsey & Company).

High-performing businesses tend to have more women in leadership roles: 37% of leaders in higher-performing companies are women, compared to 19% of leaders in lower-ranked companies (How much does gender inequality cost Canada? \$150B, report finds, 2017, CBC News).

Having more women in leadership will help Canada to achieve gender equality. Women leaders in Canada will not only help influence decision-making around policies, laws and management, but they will also act as role models and mentors for young women.
