HALL D, EDMONTON
CONVENTION CENTRE

Welcome

Women + Wealth is proud to welcome you to the 11th Annual International Women's Day Women + Wealth Gala, presented by Raintree Wealth Management.

Women + Wealth is a Canadian not-for-profit organization dedicated to celebrating International Women's Day by empowering, inspiring, and supporting women who are leading, and those on their way to leading, our businesses, organizations, governments, schools, and communities. Through connection, education, and celebration, we create spaces where women can step fully into their power and influence meaningful change.

International Women's Day is a global moment to honour the achievements of women and recognize the progress made across social, economic, and political spheres. It is also a call

to action. While we celebrate how far we have come, we acknowledge the barriers that still exist and recommit ourselves to advancing gender equality for future generations. This day reminds us that leadership matters, community matters, and when women rise, we all rise.

Sincerely,

The Women + Wealth Board & Organizing Committee:

IN SUPPORT OF:

AWHF

alberta women's health foundation

The Women + Wealth Gala is a not-for-profit fundraiser event. All raffle and 50/50 proceeds are donated to the Alberta Women's Health Foundation.

Disease is not restrained by borders. Fortunately, nor is the knowledge that comes from research. The AWHF supports more than 170 women's health researchers across the province, and it is their mission to foster equity in women's health, close gaps in research, and connect pathways from lab to life, all of which advance clinical care at the Lois Hole Hospital for Women and other women's health centres across Alberta and beyond.

A Partnership Rooted in Progress

Women + Wealth exists to level the playing field by levelling up women. The Alberta Women's Health Foundation (AWHF) exists to close critical gaps in women's health research.

Together, we connect economic influence with research impact.

As the Official Charitable Partner of the 2026 Women + Wealth Galas, the AWHF is proud to stand alongside a community of leaders who understand that advancing women's health is essential to advancing women's opportunity, leadership, and long-term economic security.

Because when women are healthier:

- Careers are uninterrupted
- Leadership pipelines strengthen
- Families and communities flourish
- Generational wealth grows
